

Elite Level Coaching at HECCSport

Luke Humphrey is the Director of Coaching at HECCSport. His personal goal and that of HECCSport has long been to expose as many cricketers as possible to first class coaching and training opportunities. Since 2008 many junior and adult players have been taking advantage of the two in house ECB (UKCC) Level III coaches and of the professional environment that HECCSport offers.

HECCSport are proud to announce that they can now enhance your training opportunities more than ever before. Following an interview process back in July of this year Luke received notification last month that he had been accepted onto the ECB Master Coach, (UKCC Level IV) award starting later this month. The Level IV award is aimed at elite Level coaches deployed in First Class Counties and their respective Academy environments.

HECCSport

Luke was nominated for the programme by the ECB Lead Batting Coach, Dene Hills, who he first met last year on the Level IV Batting Module hosted at HECCSport. Following this Luke has worked alongside Dene on The England Performance Programme and is currently undertaking consultancy work at the National Cricket Performance Centre (NCPC), Loughborough, for the England U13, U16 and U19 Talent Tests.

Luke says, “My work at the NCPC and now the Level IV is a great opportunity for me to improve my own coaching and subsequently the standard of the players who come through HECCSport. That is the best bit of it, all my learning and experiences will go straight into our coaching programmes from Junior and Senior Development Squads to One2One’s.”

Luke goes on to explain, “The two year course goes into great depth about every aspect of the game and of the art of coaching - so much so that I will also achieve the Post Graduate Diploma in Personal and Professional Development through the University of Gloucestershire. It will be a big challenge and one that I am really looking forward to.”
